

JIS Needs Your Help – NOW!

“For those who give in charity, men and women, and loan to Allah a Beautiful Loan, it shall be increased many fold (to their credit), and they shall have a noble reward.” - Holy Qur’an 57:18

In order for this project to become a reality we need your support and prayers. We pray to Allah (SWT) that you will respond to our appeal to help and support this noble cause – the rewards for your support will continue long after we have departed from this earth. The Noble Prophet Muhammad (PBUH) once said: "Nothing shall ensure the welfare and interests of your religion except generosity and good disposition."

We recognize you as an important member of JIS and appreciate your contributions in the past and present. Now, it is a crucial time for us to establish a strong and a viable center for the communities of Orange County and the Greater Los Angeles areas. Our goal will only materialize with your continued support and by you coming together to achieve our goal. Please donate generously for this cause. Your contributions will constitute as blessings in this world and hereafter.

JAFARIA ISLAMIC SOCIETY

Dedicated to serving the muslim community of Greater Los Angeles

From Vision to Reality

The mosques of Allah shall be visited and maintained by such as believe in Allah and the Last Day, establish regular prayers, and practice regular charity, and fear none (at all) except Allah. It is they who are expected to be on true guidance. - Holy Qur'an 9:18

From Vision

Every community is concerned about the religious and social progress of its next generation. One of the best methods to prepare our children for the dissemination of Islam in the 21st century is by investing in institutions that reinforce their Islamic identities. Vibrant and well equipped Islamic Centers are worthy of such investment not only because they are instrumental in a child's early development but also because of their vital role in building and maintaining a strong and united community. We recognize the value of such investments and are proposing to build a new Islamic Center in order to adequately serve the community.

To meet these challenges, our mission is to:

- ✓ Provide religious, educational, and socio-economic services
- ✓ Keep a strong focus on education of the new generation
- ✓ Provide a comprehensive array of activities and programs for the community
- ✓ Provide a forum for dialogue and discussion
- ✓ Be concerned with adapting to a changing environment

At JIS we are committed to impart the teachings of Islam and ideas that take their nourishment from its spirit. Without a focused effort on preparing our future generations; values as well as religion and culture that support them will wither and die.

..... To Reality

In the past, we received many requests to move to a more convenient location as most of JIS members commuted from Orange County to the City of Cudahy. Our temporary move to Tustin has clearly demonstrated that a location in Orange County has been very beneficial for the community at large. Our attendances have increased dramatically and the new innovative programs have been added.

Alhamdulillah, now after years of searching for a permanent new home for Jafaria, we have been able to purchase a property in the City of Anaheim. It is located on 1.4 acres lot at the intersection of State College and La Palma Avenue; It is accessible from three major highways. The new JIS Islamic Center will allow Momineen to organize and hold activities not presently feasible in currently rented location. The cost of the entire project, in several phases including the cost of the property in its current condition, is estimated to be approximately US \$2.2 million. As its first phase, the new property needs construction to add bathrooms, a kitchen and some additional repairs are required before it can be occupied.

**The First Phase requires a sum of \$300,000
by November 2011 to move in time for
Muharram, Inshallah.**
